WAR CLOUDS GROWING.

Cabinet Council Considers the Developments in the Transvaal.

VIGOROUS ACTION EXPECTED.

Various Despatches From the South African End of the Controversy Continue to Be of a Warlike Tone.

London, Sept. 22.—A cabinet council was held, beginning at 12:30 p. m. A large crowd assembled about Downing street early in the day. The cabinet ministers were loudly cheered, the secretary of state for the colonies, Mr. Chamberlain, receiving the lion's share of the applause.

Previous to the meeting of the cabinet, Baron Rothschild visited the first lord of the treasury, Mr. Balfour. The circumstance is unusual and is said to be in connection with the money difficulties the government is encountering regarding the prospective military campaign.

When the cabinet went into session no new developments in the Transvaal situation had transpired. The dispatch from the cape continued to be of warlike tone and voiced the indignation of the British contingent against the Orange Free state and Afrikaner attitudes.

The cabinet meeting ended at 2:40 p. m. The ministers were cheered as they came out of the foreign office. Nothing was given out regarding the action taken, though the general impression spread that a vigorous line had been adopted.

The secretary of state for war, the Marquis of Lansdowne, and the first lord of the admiralty, Mr. George J. Goschen, immediately proceeded to the war office.

Immediately after the cabinet council, the German ambassador, Count Von Hatzfeldt-Wildenburg, visited the premier, Lord Salisbury, and had a long conference with him. The fact that a similar visit immediately followed the previous cabinet council leads some persons to attach significance to it and to infer that Emperor William of Germany is taking active part in Transvaal affairs. The official German press, however, has been so outspoken in telling President Kruger that he need not expect German aid that it is scarcely possible to attach credence to that inference. It is much more probable that the question of Delagoa bay was discussed, if the dispatch printed by the Pioneer of Allahabad, saying negotiations had been concluded by Great Britain for taking possession of Delagoa bay November 1, is correct.

The Pall Mall Gazette published a dispatch from Cape Town, which says it is stated the Boers have given a guarantee to their sympathizers in the Orange Free state and Cape Colony that the Transvaal will be the first to make war.

Loudly Cheered.

Pretoria, Sept. 22.—The executive council sat until 5 p. m. A telegram containing President Steyn's reply to Sir Alfred Milner, the British high commissioner in South Africa, was loudly cheered. A large order for horses has been given in the Orange Free state. The field cornets say that in the event of mobilization 4,000 men will be available at Pretoria alone. It is reported that an experiment at Zoutfontein with a locally manufactured dynamite gun, resulted in the gun bursting, though no one was injured.

War Must Come.

London, Sept. 22.—Leading financiers in the city are convinced that war is inevitable since neither President Kruger nor Mr. Chamberlain can retreat with honor, and there is no other way out of it. That is the commonest expression heard in Lombard street, that each side has gone too far to turn back, and hence there is nothing to do but fight it out.

Complain of Arrogance.

Durban, Natal, Sept. 22.—Refugees from Barberton complain bitterly of the arrogance of the field cornets. They say British boys of 15 years are placed on the left of the commanders.

Not Metal Explodes.

Pittsburg, Sept. 22.—By the explosion of molten metal at Shoeberger's steel works, four men were dangerously injured. Their names are Nicola Dallai, will die; Frank Smith, Adam Rafferty, and John Dombrowski. The explosion was caused by the overturning of a ladle of hot metal.

Tailors Strike.

Detroit, Sept. 22.—Two hundred journeymen tailors went on a strike because their demand for a 10 per cent. raise in prices on all garments had not been complied with.

ADMIRAL HOWISON

May Upset the Plans to Have Sampson Shine With Dewey.

Washington, Sept. 22.—A dispatch received at the navy department from Rear Admiral Howison is worrying the officials there.

Admiral Howison, entirely unconscious of the consternation his news will carry to those who have been asserting that he will not get to New York until after the reception to Admiral Dewey, announces in his message that he has left Barbadoes on the Chicago for New York. This is the last thing that the friends of Admiral Sampson wanted. Everything has been arranged to have Sampson, in his capacity as the hero and victor of Santiago, greet his brother hero of Manila. Admiral Schley will be in New York at that time, but in no official capacity. He will be there simply because as an American citizen he has an inalienable right to stand on the sidewalk and see Dewey go by.

Nothing had occurred to mar the spectacle of one hero greeting another and welcoming him home until this disquieting news was received from Howison. Howison is Sampson's senior, and if he gets there before the celebration he will outrank that officer and take command. The naval regulations require it. Howison is simply an old friend of Dewey and would like to be on hand when his friend has his triumph.

Twenty Persons Injured.

Carthage, Mo., Sept. 22.—An electrical car filled with passengers and running at a high rate of speed, jumped the track at Prince's curve, one mile from Carthage, turning over on its top. Twenty persons were injured. The most seriously hurt are H. H. Watson, Lebanon, collar bone broken; Mr. Laker, Jeweler, Chicago, badly bruised; Mrs. Laker, arm broken; W. L. Crawford, conductor, arm broken; Charles H. Landrum, Carthage, arm broken; Miss Grace Phillips, collar bone broken; L. B. Hutton, arm broken; William Moeklin, Billings, Mo., arm broken.

Church Property Protected.

Washington, Sept. 22.—The war department has received the following cablegram from General Otis regarding the military use of church property in the Philippines: "Referring to your telegram of Sept. 18, 16 churches, different localities, occupied by United States troops. Four only partially occupied, and religious services not interfered with. Also three convents occupied. These three and 10 of the 16 churches formerly occupied by insurgents. Church property respected and protected by our troops."

Will Invite Diaz.

Washington, Sept. 22.—In connection with President Diaz's visit to Chicago, it is expected that President McKinley will meet the Mexican president at Chicago and invite him to come to Washington as the guest of the nation. Tentative plans along these lines have been considered, and more definite arrangements will be made when the official announcement is received as to President Diaz's intentions.

Given a Hearing.

St. Louis, Sept. 22.—Judge Thayer, of the United States supreme court, has given a hearing in chambers in the injunction proceedings brought by the Kansas City, Pittsburg and Gulf railway against numerous other railroads entering Kansas City to prevent an alleged boycott upon the former. A further hearing will be had next Wednesday when Judge Thayer will probably render his decision in the case.

The Weather.

For Ohio—Probably local showers; fresh southerly winds becoming variable.

For West Virginia—Fair, except showers in northwest portion; southerly winds.

Manilla, Sept. 22.—A party of insurgents ditched a railroad train a mile and a half south of Angeles and then opened fire upon the derailed cars from a bamboo thicket close to the track, killing two Americans and wounding five others. Lieutenant Lome and five of his scouts, who were on the train, made a vigorous defense and caused the enemy to flee. Six dead Filipinos were afterward found in the thicket from which the fire came. General Wheaton, with six companies, proceeded from Calulot to the relief of the train, but his services were not needed.

GENERAL OTIS

Will Be Asked For Definite Reasons For Excluding Chinese.

Washington, Sept. 22.—At the cabinet meeting the subject of Chinese exclusion in the Philippines was discussed at some length. It was decided to ask General Otis for definite information as to what had been done and especially in regard to a particular complaint from the Chinese minister that one shipload of Chinese had been stopped. General Otis will be asked to give reasons why this action was taken. First Assistant Secretary Hill, of the state department, was present at the session on account of the Chinese exclusion topic.

The telegram from General Otis relating to the occupation of churches by United States troops in the Philippines was read and discussed. No orders will be sent to General Otis on this topic as it is regarded as a part of warfare to occupy the churches.

How Otis Fell Down.

Washington, Sept. 22.—Word reaches the war department showing that General Otis has sought to imitate the policy employed in Cuba of buying up the Filipino arms, and that his efforts have been unsuccessful. The natives were given to understand that upon the surrender of a gun the military authorities would pay the person surrendering it \$40 and guarantee him immunity from arrest for previous armed opposition to the United States and protection for the future. One native, it is said, appeared with gun in hand and the military officers began congratulating themselves that the end was in sight and that when the rest of Aguinaldo's troops learned of the good treatment given this man, they would follow his example. A requisition was made on the treasury for \$40, but before the money was received, investigation uncovered the fact that the native was acting as an agent for an American soldier, who had captured the gun in action and wanted to dispose of it at government figures to the military authorities.

Constitution Cried Down.

San Domingo, Sept. 22.—A warship from Porto Rico, with 40 political exiles on board, arrived here. The return of the exiles aroused much enthusiasm among the populace. The decree of the government fixing October 6th to October 8th for the primary elections and providing for the meeting of the electoral college during the last week of October, although a revolutionary action, and against the constitution, has been well received. The government's action was ratified by a popular demonstration, the crowd crying: "Down with the constitution!"

Max Regis Departs.

Algiers, Sept. 22.—Max Regis, the former mayor of Algiers, and a notorious Jew bather, during the night left the villa, just outside of the town, in which he and a party of adherents had been barricaded for some time, fearing arrest by the government. He is said to have gone on a boat bound for Spain. Eight of his companions were arrested.

Ranks of Strikers Increased.

Philadelphia, Sept. 22.—The strikers at Cramp's shipyards were joined by the blacksmiths and their helpers who have been at work at the dry dock. Several machinists and joiners who at first refused to join the nine-hour movement also deserted their posts.

A Spaniard Clubbed.

Havana, Sept. 22.—A Spaniard who went to a wharf to see his family off took a fan of Spanish colors from his pocket, waved it and gave a cheer for Spain. A small crowd collected, a policeman clubbed the man, injuring him seriously.

NEW CORNER STONE.

It Is Proposed to Set One For the Chicago Postoffice.

Chicago, Sept. 22.—A plan which, if followed, will settle the differences over the laying of the cornerstone of the new Chicago postoffice was presented in the shape of an offer from Judge Tuthill representing the local G. A. R., to secure a new stone cut by union labor. Judge Tuthill declared to the labor leaders that the old soldiers would defray the cost of getting a new stone and would use its influence in settling existing differences between Contractor Pierce and the trades union men. This proposition was received favorably by the majority of the laboring men, a minority remaining non-committal, preferring to hold their voices till the private meeting.

Police Too Previous.

Havana, Sept. 22.—A committee representing the cartmen waited upon Mayor Lacoste and informed him that the men had been unfairly treated by the police, especially in the matter of leaving their carts in the streets opposite places where they had been working, in order to deliver their bills and collect their money. The mayor said he would give the instructions to the police to exercise greater discretion in the matter, and promised that justice should be done.

Double Murder and Suicide.

Walla Walla, Wash., Sept. 22.—O. B. Byland killed his wife and Brother Grant, and then committed suicide. He arrived here from Pomona, Wash., in search of his wife, who had deserted him and has been living with her mother and Grant Byland. He first shot his brother. Then he chased his wife into a vacant lot and shot her and killed himself.

Did Andree Pass the Pole?

Stockholm, Sept. 22.—Dr. Ekholm, Professor Nathorst and Captain Andree believe that the buoy marked "Andree Polar Expedition," found on Sept. 9 on the north coast of King Charles island by the master of the Norwegian cutter Martha Larsak, is one of those which the aeronaut intended to throw after the north pole was passed.

Municipal League Officers.

Syracuse, N. Y., Sept. 22.—At the session of the American Municipal league, Mayor Henry Johnson of Denver was elected president of the association; Mayor Charles Taylor of Bridgeport, Conn., treasurer; B. F. Gilkison of Brooklyn, secretary. Charleston, S. C., was chosen as the place for the next convention.

Freights in Collision.

Omaha, Sept. 22.—Two freight trains on the St. Paul and Sioux City division of the St. Paul and Omaha road collided near Windom, Minn. The trains met on a bridge, and three people were killed. The names of the killed are not known here.

Washington, Sept. 22.—The total enlistments for the twelve volunteer regiments last called out, to date, is 8,352 men. The enrollment for the colored regiments is 222 men for the Forty-eighth and 106 men for the Forty-ninth Infantry.

Washington, Sept. 22.—The marine hospital service has been notified that owing to the fever situation in New Orleans a train inspection service is to be instituted on all trains out of the city.

The Enlistments.

Washington, Sept. 22.—The enlistments were 542, making a total of 8,881. The colored regiments are growing, the Forty-eighth having 305 and the Forty-ninth 127.

At Key West.

Washington, Sept. 22.—Surgeon General Wyman received a dispatch announcing that there were 45 new cases of yellow fever at Key West, but no deaths.

LADY'S AWFUL PLUNGE

Thrilling Death of Invalid Wife of a Rich Man at New York.

FELL FROM HOTEL WINDOW.

While the Nurse Was Out Getting a Glass of Water Mrs. Horace Chenery Escaped From Her Sick Bed.

New York, Sept. 22.—Mrs. Horace Chenery, wife of a wealthy resident of Larchmont Manor, N. Y., either jumped or fell from a fourth story window of the Hotel Majestic and was instantly killed.

Mrs. Chenery was 25 years old. She had been in delicate health for some time, and had come to the hotel six weeks ago from her home in Larchmont to be near the office of her physician, who was treating her for a nervous trouble.

At 3:30 a. m. Mrs. Chenery asked her nurse to get her a glass of water. The nurse left the bedside to get the water. At that moment a fire engine clanging its bell passed the hotel on its way to a fire. The nurse returned to the room and found the bed empty. She went to the window and saw Mrs. Chenery's body on the pavement 70 feet below.

Visited by Chinese Minister.

Washington, Sept. 22.—The Chinese minister called at the state department and held a long conference with Acting Secretary Hill, respecting the admission into the Philippines of some Chinese. The case is an exceptional one and it is said that the general question of the validity and propriety of General Otis' extension of the Chinese exclusion laws to the Philippines was not an issue in the conference. Senator Davis, chairman of the committee on foreign relations, happened to call at the time and was a participant in the discussion giving the department the benefit of his views respecting such questions as that presented.

Slavery in Hawaii.

Washington, Sept. 22.—George D. Gear, an attorney of Honolulu, called at the state department to present a statement relative to the ill treatment of coolie labor in the Hawaiian islands. He asserts that the supreme court of Hawaii by its rulings is sustaining a system of slavery of the worst kind in the islands in violation of the constitution of the United States and he asks that the attorney general of the United States be requested to declare whether or not the constitution does not cover the islands.

Hawaiian Representative.

Honolulu, Sept. 15, via San Francisco, Sept. 22.—Judge Alfred S. Hartwell has been chosen by the government to represent the territory of Hawaii unofficially in Washington during the coming congress. The appointee will leave for his post in time for the opening of congress in December. President Dole states that the action of the Hawaiian government in sending a representative to Washington was not only with the knowledge but with the hearty approval of President McKinley.

Cincinnati, Sept. 22.—Isaac J. Turpen of Louisville, employed as a salesman at the clothing house of Stix, Krouse and company, while showing goods to a customer on the fourth floor, suddenly ran to the back window and jumped to the ground. The act is unaccountable by his employers, except on the theory of sudden momentary insanity.

Rigorous Search Instituted.

Augusta, Ga., Sept. 22.—The health authorities here have tightened the yellow fever quarantine which has been in force for several days. WEATHER FORECAST FOR KENTUCKY—Fair Saturday and Sunday, except showers and cooler in eastern portion Saturday; variable winds.

When Col. L. J. Crawford, the Republican orator, spoke here the other night, there were two women in the audience, and they do say he talked one of the good sisters to sleep.

At last the secret of the long delay in building the Black Diamond railroad has been discovered. They are waiting to see whether Goebel wins the gubernatorial contest, so Mr. Brown's organ, the Covington Commonwealth publishes,

MANY of those who are so bitterly opposed to Senator Goebel seem to be actuated by personal spite, either against Mr. Goebel or some of his close friends, and are simply using the Louisville convention as a cloak behind which they hide while they "even up" some old score. There's not much Democracy in that.

A QUESTION asked ex-Governor Brown during a speech in the western part of the State was, "Why don't you answer what Attorney General Taylor says about your State administration?" But the ex-official replied, "I am not talking to Republicans." He couldn't have truthfully made such a reply as that in this city, as his talk was made, principally, to Republicans,—they formed a conspicuous portion of his audience.

PRESIDENT MCKINLEY'S Secretary of State, Mr. Hay, is said to be in favor of adopting a "court dress" at Washington, patterned, of course, after some of the costumes he saw worn by the royal snobs of Europe. If Mr. Hay is not satisfied with the plain suit of black so long in vogue as emblematic of American simplicity, he ought to resign and take his imperial self back to the courts of royalty in Europe. He doesn't have to stay here, and there's no string tied to him.

REV. W. G. HEARNE will address the Y. M. C. A. tomorrow at 4 p. m. All invited—ladies especially.

1849--1899.

Mr. and Mrs. John G. Brodt Celebrate Their Golden Wedding.

The M. E. Church the Scene of a Joyous Event Friday Afternoon.

1849. Golden. 1899.
 You are cordially invited to attend the Fiftieth anniversary of the marriage of
 Mr. and Mrs. John G. Brodt,
 Friday, September 22, 1899,
 at 2 p. m., at the
 M. E. Church, Third street,
 Maysville, Ky.

John G. Brodt. Anna Mary Wilgert.
 In response to the above invitation nearly two hundred relatives and friends of this worthy and highly esteemed couple assembled at the M. E. Church Friday afternoon to unite in celebrating the happy event, and join in the congratulations and good wishes showered upon Mr. and Mrs. Brodt. It was indeed a happy occasion for them surrounded by their children, grandchildren and friends, and yet life's joys are mingled with its sorrows and the rejoicings at this reunion were mingled with memories of loved ones who had been called from earthly scenes to the home beyond.

The church was prettily and appropriately decorated. An arch over the altar, trimmed with goldenrod, displayed the dates "1849-1899" in gilt letters. The altar railing was also trimmed with goldenrod, while a large calladium at the foot of the arch on each side, their deep green presenting a striking contrast with the other colors. In front of the railing and on each side stood a large stand filled with begonias and other plants, the whole presenting a pretty scene.

Miss Essie Hutchins presided at the organ, and the familiar strains of a popular wedding march were sweetly rendered as the bridal party entered.

The pastor, Rev. F. W. Harrop, led the procession, and was followed by Mr. and Mrs. Brodt. Then came the two who had served as bridesmaids at the marriage in the years gone by,—Mrs. Louisa Wirthwein and Mrs. Christina Richard, both of Cincinnati. Few couples ever live to celebrate their golden wedding and fewer still enjoy the pleasure of having with them on such occasions any who were attendants at the ceremony of the long ago. Mr. and Mrs. Brodt were especially blessed in this respect. They had with them Mrs. Wirthwein and Mrs. Richard, and another one of their attendants is still living in the person of Mr. Michael Mayer, of Covington, Ind., and he too would have been present Friday had not illness prevented.

Following Mrs. Wirthwein and Mrs. Richard in the bridal procession came Mr. and Mrs. Brodt's six daughters with their husbands, and the two sons with their wives. Then followed most of the twenty-five grandchildren.

The pastor, Mr. Harrop, offered a fervent prayer of thanksgiving and praise to God for his goodness and mercy and love to the venerable couple. Following this he delivered a short address reviewing briefly the many changes that have taken place in the secular and religious world since the couple left their old home in Germany and came to this country. Then he spoke in feeling terms of the couple's struggles in their battle of life, and their devotion to each other and to the children that had blessed their union, how they had trained these children up in the Sunday school and had seen them all safely received into the church. The address was full of beautiful thoughts, and many in the audience were moved to tears.

Following the ceremony, the crowd thronged about Mr. and Mrs. Brodt and showered them with good wishes, and then the rest of the afternoon was spent by the family and guests in enjoying the bountiful wedding feast that had been spread in the rooms below.

In the spring of 1849, a party of sturdy young men and women came from Germany to this section, among them Mr. and Mrs. Earhart Brosee—father and mother of the late John Brosee—Mr. Earhart Brosee, Jr., and family, Miss A. M. Brosee, Miss A. M. Wingert and Mr. John G. Brodt. Mr. Brodt secured employment as a blacksmith in Flemings-

burg, and on Sunday the 22d of September following he and Miss Wingert were married by the noted 'Squire Shelton at Aberdeen, returning to Flemingsburg that afternoon.

Later they removed to near this city, where their exemplary lives have won them the esteem of all who know them.

Their union has been blessed with fifteen children, eight of whom are living, and the couple have twenty-five grandchildren. Following is a list of the children and grandchildren:

Women Who Wear Well.

It is astonishing how great a change a few years of married life will make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage. Many neglect to deal with the unpleasant drains which are often consequent on marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness. As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Half a million women and more have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well.

RUSH FOR PARDONS

Expected by Governor Bradley—Has Issued a Rule—Personal Appeals Will Not Be Heard.

FRANKFORT, Ky., Sept. 21.—Gov. INOR Bradley is going to profit by the experience of former Governors and endeavor to avoid the rush of the pardon seekers at the close of his term. He issued the following rule to-day to govern such matters during the remainder of his term:

"For the benefit of the public generally notice is given that personal appeals for pardons will not be heard. In this way much time is consumed to no purpose. All applications must be made in writing as contemplated by the Constitution. Circumstances indicate that, as usual, the few weeks remaining of the Governor's term are to be selected as the time in which those who have been refused pardons heretofore, or those who have been confined for years, and who could have appealed and failed to do so sooner, are preparing applications, with the hope, doubtless, that owing to pressure of business strict attention may not be given to their cases, and they may be enabled on that account to obtain pardons. Such applications will be promptly and summarily overruled unless they develop some fact or circumstance of recent origin which will justify investigation."

STRICTLY pure spice at Chenoweth's.

PITHY POLITICAL POINTS.

The Brown men are the finest kind, as far as they go, to Republicans.

The Republicans have constituted themselves nurses, as it were, of the Brown babies.

That was a beauty of a court that fined Carter only ten thousand dollars for stealing over two million.

When Mr. Brown gets through this canvass he won't know whether he's a Republican, a Democrat or what not.

Captain Carter ought to have drawn on the stolen money sufficient to have kept MacVeagh in Europe a term of years.

What a touching and beautiful sight it is to see brethren dwelling together so harmoniously, as we do the Brownites and Republicans.

The Brown people of course will not refuse to hear their part of the Carter and other scandals with their brethren, the Republicans.

Captain Carter must be mighty hogish, when he refuses to pay a fine of \$10,000 and stands convicted of having stolen more than \$2,000,000.

The Republicans and Brownites seem to be a mutual admiration society, seeing beauties in each other that they never before dreamed of.

It used to be a great cry with Republicans let no guilty man escape, but the facts are that these are about the only kind that do escape with them.

It can't be the Democracy that Mr. Brown is heading, because Democracy is always in opposition to Republican ways and methods, while he and his crowd are running in the same groove with Republicans.

Wonder if it ever entered into the heads of some Democrats (?) when they were posing as candidates before their party, and who are now in the attitude of deserters, that they would ever commit such an ungracious somersault!

It takes almost as modest a man to desert his party, after wearing its honors and receiving its emoluments, as Bennett told Gray he was. The latter wanted his sign to cover the whole front of the building, when he didn't pay a cent rent. Bennett remarked: "Gray, you are by all odds the most modest man in Cincinnati."

A BROWN MAN

And the Threat He Made at Lebanon Not Long Ago.

[Lebanon Enterprise.]

Just a few days prior to the holding of the Lexington convention, while some of the leaders in the anti-Goebel movement were looking around for men of influence to aid them with their bolting scheme, a prominent citizen of this town was approached and a song something of this kind was poured into his ears: "Charlie McChord wants to be elected Railroad Commissioner from this district; he has no earthly chance to win as long as he clings to Goebel; he must throw off Goebel or be defeated, but if he will come over to Brown, his true friend, his election is assured. The L. and N. controls 18,000 men, and if he will espouse the cause of ex-Gov. Brown 15,000 L. and N. employees will vote for him."

The gentleman did not give his authority for the statement that 15,000 L. and N. employees would vote for McChord on the foregoing conditions, but he spoke with great confidence and in a manner that would convey the idea that "his tip" came from a genuine source.

The gentleman approached made no answer, turned away and walked off, leaving his petitioner in no doubtful mood as to how the proposition had impressed him.

The same gentleman is going over the State of Kentucky now preaching the cause of Brown, but he fails in his speeches to say anything about these 15,000 L. and N. votes he carries around in his vest pocket for the candidate who is willing to take up the cudgel against Goebel. As the gentleman boasts of his courage, his love of country and of his being free from L. and N. influence, we should be glad to have him come out in one of his early-day speeches, "fees up" and tell his audience why he used this kind of argument to advance his purpose, and how he knows ex-Gov. Brown can control the votes of 15,000 L. and N. employees.

FOR HALF A CENTURY,

Says Rev. Parkhurst, the Philippine War May Go On.

NEW YORK, September 21.—Rev. Dr. Chas. H. Parkhurst and his wife returned to this city this morning on the steamship Majestic. Dr. Parkhurst has been abroad since May 25. Discussing his trip he said, among other things:

"I suppose the Philippine war now going on is likely to go on for the next half century. I see no end to the conflict. The Americans whom I met abroad have expressed no sympathy for the war. In England and on the continent they have their own opinion of the affair, and it is not altogether complimentary."

The Appetite of a Goat

All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Uniform Not Abolished.

Detroit, Sept. 22.—Many of the visiting Odd Fellows have left the city. The business of the sovereign grand lodge is about completed. This body refused to abolish the uniform of Royal Purple degree. Patriarchs militant had strongly urged doing away with the division named. The sovereign legislature adopted a resolution authorizing relief committees to raise funds for relief purposes by giving entertainments and by any other means which the state grand masters may approve.
